

FACTSHEET ON SWDA'S AI INITIATIVES

INDIVIDUALS CAN NOW LEARN, USE AND BENEFIT FROM AI WITH AI READY QUIZ, CURATED TRAINING AND AI SUBSCRIPTION TOOLS

The Skills and Workforce Development Agency (SWDA) has introduced an AI Ready Quiz, a curated catalogue of AI courses, and complimentary access to selected premium AI tools, to help individuals build the skills and confidence to use AI. These initiatives support individuals at different stages of their AI learning journey, from assessing their current level of AI readiness, upskilling in AI capabilities to enhance career resilience, to gaining experience using AI tools and applying in their workplace. These initiatives support the National AI Impact Programme (NAIP) which aims to train 100,000 workers to become AI Bilingual over three years as a start.

2 The **AI Ready Quiz** is an online self-assessment tool that helps individuals assess their current level of AI readiness across three readiness levels: AI Aware, AI Literate and AI Fluent. Developed in collaboration with the Singapore Institute of Technology's Centralised Skills Assessment and Validation Initiative (CSAVI), the quiz consists of 12 questions and takes about 15 minutes to complete. Upon completing the quiz, individuals will receive a personalised AI readiness profile by email. It will summarise their current readiness level, as well as recommend learning resources and curated AI courses to support their continued skills development.

3 Individuals who wish to deepen their AI capabilities can choose from a curated catalogue of more than 200 **AI courses** offered by about 30 SWDA-supported training providers. The courses cater to different learning needs, from applying AI and enhancing workplace productivity, to developing advanced capabilities for AI-enabled roles and business transformation.

4 From 16 September 2026, eligible Singapore Citizens aged 18 and above, who enrol in and attend any of the curated AI courses, will receive six months complimentary subscription to selected premium AI tools under the three-year **SkillsFuture AI Subscription** initiative. The subscription allows individuals to practice their acquired skills, strengthen AI proficiency and build confidence in using AI. They can choose to subscribe to leading AI tools such as ChatGPT Plus, Google AI Pro, Manus AI, Microsoft 365 Personal, and Singtel AI Pass which features access to six AI tools.

5 Individuals can go to the MySkillsFuture portal at courses.myskillsfuture.gov.sg to access the AI Ready Quiz, AI courses, and find out more on the subscription to AI tools. Employers can also leverage these AI initiatives on OurWorkforce portal at go.gov.sg/owf-

[aiforworkforce](#) to support employees in building the skills required to harness AI effectively at work.

AI Readiness Levels	Description	AI Courses and AI Subscription
AI Aware	Individuals who have a basic understanding of AI and its applications in everyday and workplace contexts.	Individuals assessed at the AI Aware level through the AI Ready Quiz, will be directed to foundational learning resources developed by AI Singapore. These self-directed resources introduce key AI concepts, applications and responsible AI practices, providing a starting point for learners to build confidence in using AI. • AI for Everyone • AI Fundamentals • AI for Essential Digital Skills Individuals interested in courses across the different readiness levels, can browse from a curated catalogue of more than 200 AI courses.
AI Literate	Individuals who are able to use AI tools effectively to improve efficiency in work or personal activities, such as providing clear prompts to generate useful outputs	Individuals assessed at the AI Literate and AI Fluent levels through the AI Ready Quiz, as well as those interested in AI courses, can browse the curated catalogue of more than 200 AI courses. Eligible Singapore Citizens aged 18 and above who enrol in and attend the AI-tool eligible courses from 16

AI Fluent	Individuals who are able to work with AI or technology teams to integrate AI solutions into workflows, improve work processes, and support AI-enabled transformation initiatives	September, will receive an email containing instructions to redeem their six months complimentary AI subscription. Each eligible Singapore Citizen is entitled to one complimentary subscription, regardless of the number of AI courses attended for the entire three-year programme duration. Course learners may choose their preferred AI subscription, and activate their subscription upon redemption. The list of available AI subscription tools can be found on MySkillsFuture portal.
