

ANNEX A

List of Team Singapore 44 competitors and the 22 skills areas

SN	Skills Area	Competitors	IHLs
1	Automobile Technology	Nur Syakir B Samsuddin	Institute of Technical Education
2	Automobile Technology	Lim Boon Ping	Institute of Technical Education
3	Beauty Therapy	Christine Huang Yan Xin	Institute of Technical Education
4	Beauty Therapy	Sim Pei Wen	Institute of Technical Education
5	CNC Maintenance (Team Event)	Noel Chaw Li Wei	Institute of Technical Education
6		Kavinesh S/O Gunasekaran	Institute of Technical Education
7	Cooking	Leonard Chia Cheng Hong	Nanyang Polytechnic
8	Cooking	Ng Xin Yu	Republic Polytechnic
9	Electrical Installations	Keith Tay Zhi Xian (Team Captain)	Institute of Technical Education
10	Electrical Installations	Eugene Tan Ye Hong	Institute of Technical Education
11	Electronics	Neo Wei Le	Singapore Polytechnic
12	Electronics	Muhammad Hasnaat Islam	Temasek Polytechnic
13	Fashion Technology	Jamaine Teo Li Wei	Temasek Polytechnic
14	Fashion Technology	Venice Goh Si Ying	Temasek Polytechnic
15	Graphic Design Technology	Joanne Li	Nanyang Polytechnic
16	Graphic Design Technology	Amelia Siew	Nanyang Polytechnic
17	Hairdressing	Nur Rohanizah Bte Mohd Rashid	Institute of Technical Education
18	Hairdressing	Wee Yih Shiuan	Institute of Technical Education
19	Industrial Automation (Team Event)	Irham Roslee	Institute of Technical Education
20		Ricky Tan	Institute of Technical Education
21	Industrial Control	Yap Ming Zhe Brandon	Institute of Technical Education
22	Industrial Control	Loke Jun Hao	Singapore Polytechnic
23	Information Network Cabling	Winnie Leow	Institute of Technical Education
24	Information Network Cabling	Lim Yue Jun	Republic Polytechnic
25	Internet of Things (Team Event)	James Wong Chen Ern	Nanyang Polytechnic
26		Esther Lee Yi Shan	Nanyang Polytechnic
27	IT Network Systems Administration	Darren Ong Yan En	Temasek Polytechnic
28	IT Network Systems Administration	Mohamed Aathif	Singapore Polytechnic
29	IT Software Solutions for Business	Ashlee Tan	Nanyang Polytechnic
30	IT Software Solutions for Business	Andre Gabriel Foo	Nanyang Polytechnic
31	Mechanical Engineering CAD	Lee Ming Xuan Simon	Nanyang Polytechnic
32	Mechanical Engineering CAD	Wong Xin Jie	Singapore Polytechnic
33	Mechatronics (Team Event)	Ethan Ong June Kai	Ngee Ann Polytechnic
34		Mack Kai Hin	Ngee Ann Polytechnic
35	Mobile Robotics (Team Event)	Gan Kah Kheng	Nanyang Polytechnic
36		Tan Xue En	Nanyang Polytechnic
37	Rapid Transit Systems (Team Event)	Zamiruzzaman Bin Ibrahim	Republic Polytechnic
38		Mohamed Firdaus Bin Ramlan	Republic Polytechnic
39	Refrigeration & Air-Conditioning	Mohamed Mustaffa Bin Ahmad	Institute of Technical Education
40	Refrigeration & Air-Conditioning	Daryl Chin	Institute of Technical Education

41	Restaurant Service	Selina Sapii (Team Captain)	Republic Polytechnic
42	Restaurant Service	Damien Sim	Republic Polytechnic
43	Web Technologies	Zechariah Tan Shen Wei	Temasek Polytechnic
44	Web Technologies	Loo Yen Pin	Nanyang Polytechnic

Details on One School One Country, Education and Career Guidance Fair, Junior Skills Competition

1. One School One Country, 21 July 2023

Started in 2007, the One School One Country is a cultural programme organised by the host country of WorldSkills competition. The host country will match local schools with another WorldSkills member country to give local students the opportunity to interact and learn from one another.

It is the first time for Singapore to host the WorldSkills ASEAN and the One School One Country programme. Students from seven Singapore secondary schools each hosted youth competitors from the ASEAN Member States on 21 July 2023. Our local students were able to be involved in WorldSkills ASEAN through a meaningful exchange of knowledge, culture and skills.

The seven Singapore secondary schools were:

No	Secondary Schools
1.	Bedok South Secondary School
2.	Christ Church Secondary School
3.	Compassvale Secondary School
4.	Guangyang Secondary School
5.	Hai Sing Catholic School
6.	St. Hilda's Secondary School
7.	Zhonghua Secondary School

2. Education and Career Guidance (ECG) Fair, 23-25 July 2023

MOE and the IHLs are organising the Education and Career Guidance Fair, which will feature 78 industry partners, 50 booths, 22 try-a-skill booths, 148 workshops and 36 talks.

Visitors and students at the fair will be able to

- I. attend workshops and talks conducted by industry professionals to deepen their understanding of the skills needed for different industries;

- II. explore exhibition booths to discover their interests, skills and purpose as well as explore the different opportunities available; and
- III. try a skill to experience the skills areas at the competition.

3. Junior Skills competitions, 24-25 July 2023

Partners	Singapore Science Centre	Cyber Security Agency	VEX Robotics
Competitions	Drone Odyssey Challenge	Capture the Flag Youth Cyber Exploration Programme (YCEP)	VEX Robotics Challenge
Details	The competition aims to spur interest in Science, Technology, Engineering and Math (STEM) through drones. The competition features games and problem-solving drone challenges, such as coding and navigation of drones in an obstacle course.	The YCEP is a cybersecurity bootcamp designed to get students excited about their journey towards a cybersecurity career. Top students with outstanding YCEP scores will have the opportunity to pit their skills against one another in the Central Capture-the-Flag competition.	The robotics competition involves participants designing, building and coding a robot for tele-operated and autonomous robotics routines to solve a teamwork challenge.
